2015-16 PCR3 ELEM. COMPASS CLASSROOMS

Meetings and Professional Development

Outlined below is a list of Meeting Dates and Professional Development Dates for the 2015-16 school year that will require substitute release from your classroom. We encourage you to find a sub that will commit to all dates. This will allow for a more seamless transition of teaching and learning to best meet the needs of your students. In addition, we strongly suggest that you communicate via letter to your classroom families of the dates you will be out, the purpose for your release, and who the arranged sub will be for those dates.
