Resources:

Poll Everywhere – www.polleverywhere.com

TodaysMeet – www.todaysmeet.com

Plickers – www.plickers.com

Kahoot – www.getkahoot.com (teacher side)
www.kahoot.it (student side)

Quizizz - www.quizizz.com

- Like Kahoot but more individualized. You can turn off the competitive part and track individual results.

Pear Deck - www.peardeck.com

- Create a presentation on your device and push it out to student devices. You control the presentation but can add information when you allow them to and the program becomes interactive with the whole class.

Socrative – www.socrative.com

- Create online quizzes thatcan be set for student-paced, or teacher-paced. Student-paced can give immediate feedback to students.
- Teacher can get reports on class, individual student and specific question.

StudyBlue - www.studyblue.com

- Search for content by subject
- Can make flashcards
- Can access through any internet device

Quizlet – www.quizlet.com

- View and/or create flashcards
- Six different activities, students can study on their own, compete for high scores and test themselves.

That Quiz – www.thatquiz.com

- Teachers create account, assign content to students, can adjust level of difficulty for students.

EQuizShow – www.equizshow.com

- Online Jeopardy-style review game. Play in teams.

GeoGuessr – www.geoguessr.com

- Game using street view images that drops the player in a random location and challenges them to work out where they are.
